New Machinery at Fairwood Park

The month of November saw the arrival of 2 brand new John Deere machines for the golf course. By common consent John Deere provide the market-leading products in the golf industry and the acquisition of a JDX740 together with a JD1600T will really help keep the course in tip-top condition.

Head Greenkeeper, Phil Williamson, with the John Deere machines.

Head Greenkeeper, Phil Williamson commented "The arrival of these new units represents a significant investment of £48,000 to our machinery stock and will make a massive difference to the way we work. The X740 is an absolute beast of a machine. It's the best Rough Cutter out there on the market and will enable us to maintain very high standards in keeping the rough under control. It will also allow us to do the job much quicker than previously thereby freeing up more time to do other tasks out on the course. We've also got a 1600T ride-on mower that will allow us to cut right in between the smaller trees and plantations, thereby preventing fewer balls from getting lost which will

in turn speed up play." But Phil did have one complaint. "I won't be able to use them until April because the grass hardly grows during Winter!"

And finally....

all the staff at Fairwood Park would like to take this opportunity to wish our members a peaceful Christmas and a happy and prosperous 2009.

"Ladies & Gentlemen... Let's play Darts! (and Snooker)"

Late November saw the start of a new social event at Fairwood Park - the weekly Friday night snooker and darts leagues. Early numbers of participants have been superb but the bad news is that the leagues will now be taking a short break over Christmas, kicking off again on Friday 2nd January.

John O'Leary

If any member would like to put their name down to enter the league then just come along on a Friday evening or have a word with "yer man" John O'Leary behind the bar.
